*Duke University*

CHILD AND ADOLESCENT PSYCHIATRY TRIALS NETWORK

2007–2009

- Clinical psychiatrist for the ASK and PARCA studies, aimed at evaluating the safety of SSRI antidepressants in children and adolescents.

### **RESEARCH CLINICAL PSYCHIATRIST**

*University of Nebraska*

PRE-SCHOOL ATOMOXETINE STUDY

2008–2009

- Provided parent training and medication management to preschoolers with ADHD, randomized to either atomoxetine or placebo.

## RESEARCH ASSISTANT

PI: ERICH LANG MD

- Analyzed data on the outcome of liver cancers treated by alcohol ablation, chemoembolization, and chemotherapy.

*Tulane University*

2003

## RESEARCH ASSISTANT

PI: LUNG-JI CHANG PHD

- Developed plasmids for the construction of lentiviral gene therapy vectors. My participation in this research was through a University Scholars award.

*University of Florida*

1999–2000

---

## SOFTWARE DEVELOPMENT

- 2019 **Neural Network Classification of Hatespeech**  
Developed a neural network classifier of natural language to identify hatespeech, trained on a corpus of data from the online community *Stormfront*.
- 2010 **Jail Psychiatric Services Documentation Assistant**  
Automates the insertion of patient and provider information into standardized PDF forms.
- 2007 **www.LobesAndRobes.com**  
Developed a forensic psychiatry portal and online community, with a virtual reading group for Isaac Ray's *Treatise on the Medical Jurisprudence of Insanity*.
- 2003 **Virtual Radiograph Room**  
Authored portions of a computer-based introduction to CT imaging for Tulane University School of Medicine.
- 2000 **Röntgen Tube Digital Animation**  
Created 3D model, animation, and rendering of a Röntgen tube as a teaching tool for the University of Florida Department of Radiology.
